This presentation in English of the novel is for informational purposes only. The free downloadable eBook version (click the link below) is, like the paper book, written in French :

[Les Voleurs d'Enfant - eBook](#) [pdf 1,2 Mo]

When Clarck Jannings learns that his only son, Mike, has left to join the dreadful cult of the 'Clearers', his reality turns into a nightmare.

But when he enters a family anti-cult association, Clarck finally finds a heartwarming word : he can get his child back ! And also recruit other parents who will work with him to stop the alarming increase in disappearances...

Then Miss Horseface, rigid director of the HAVENH association, reveals to him the mystical foundations of her fierce battle against cults. Theories that fascinate him more and more, and which at last give meaning to the pain that overwhelms him.

As Miss Horseface says, cults always hide where they are not expected...

Honorary diploma in 2007 at the 9th International Literature Competition 'Regards' ('Looks')
